Create your own programme, to stay fully informed

From 7 to 18 October 2024, Sirris and Agoria are hosting the online event **Up2Date** (formerly known as 'Acumen'). During these ten days, you can participate in more than seventy interactive online sessions covering the most current topics across various domains.

The themes that will be covered include sustainability reporting, green transition, HR, digitalisation, product compliance, technological innovation, the future of artificial intelligence (AI) in manufacturing, product innovation and much more.

The sessions will be led by experts from Sirris and Agoria. These interactive sessions offer you valuable insights to deepen your knowledge and stay updated on the latest developments in your field.

Create your own program based on your needs and interests and register now
